MATT WIMMER - Administrator

DIVISION OF MEDICAID

Dear Colleague:

I am excited to announce that Idaho Medicaid has completed the final stages of system modifications to allow Idaho registered pharmacists to enroll as ordering, referring or prescribing providers (ORP). Enrolled pharmacists will be able to prescribe and provide services within the specifications allowed under the Idaho Pharmacy Act and bill Idaho Medicaid for their respective pharmacies for Idaho Medicaid payable drugs, medical supplies and services.

All pharmacists wishing to become an ORP for Idaho Medicaid must be formally enrolled. If Idaho Medicaid was able to match your license with an NPI, you have been automatically enrolled. You are not required to fill out the attached application unless you feel that the information may not be up-to-date and/or wish to ensure all information is correct. Please review the provider agreement included with the application.

If you do not yet have an NPI and wish to enroll, please complete that process first and then complete and return the enrollment forms attached or at the following link.

For more information or further instructions, please contact Medicaid Provider Enrollment at 1-866-686-4272.

Sincerely,

Tami Eide Pharm.D., BCPS, FASHP
