**To: Idaho State Board of Pharmacy**  
**From: Berkeley Fraser RPh Deputy Executive Director**  
**Re: Wholesaler LMD registration Applications Policy- APPROVED JAN 2021 MTG.**

Current rule requirements were hindering the approval of Wholesaler OTC applications. One requirement was that out of state facilities must be licensed/registered in their home state. Several states do not license/register for wholesaling of OTC products which prohibited staff from issuing registrations. The Board approved the policy to allow approval of applications if home state did not license.

Similarly, the Board allowed staff to approved, an OTC wholesaler application that could not get a home state inspection due to the fact that home state did not license or licensed but did not inspect.

This issue is the same for wholesaler LMD[Legend Medical Device] applications. Board staff attempted to include wholesaler LMD at the time wholesale OTC was addressed but was prevented due to wholesaler LMD's not being on the agenda.

**Board approved that the same policy used for wholesaler OTC be allowed for wholesaler LMD applications.**

As with instate OTC and LMD facilities, they will continue to be licensed and inspected.
